

A Brighter Morning

From a speech by Oprah Winfrey, speaking about #MeToo at the Golden Globes, January 2018 "I've interviewed and portrayed people who've withstood some of the ugliest things life can throw at you, but the one quality all of them seem to share is an ability to maintain hope for a brighter morning, even during our darkest nights. So I want all the girls watching here, now, to know that a new day is on the horizon! And when that new day finally dawns, it will be because of a lot of magnificent women.
